

VA Health Care

You may be eligible for VA Health Care if you

- Served in the active-duty military and received a general or honorable discharge.
- Are service connected.
- Are a Reservist or National Guard member activated for reasons other than Active Duty for Training.
- Post-9/11 Combat Veterans are eligible to enroll in the VA health care system for 10 years from the date of discharge or release. **
- For questions, please call the Hines VA Eligibility Department at (708) 202-8838.

** Eligibility for future care may also be based on other factors such as service connected disability rating or financial status.

Thank You

for serving our country &
protecting our freedoms!

What is Case Management?

Case management is a unique part of health care for Veterans, their families, and caregivers. It helps them deal with complex health problems in the best possible way.

Our Goals:

To support Veterans in getting the best possible health care. To improve quality of life after military service. To help Veterans navigate the VA system.

M2VA Team Provides

- Screening and assessments for Post-9/11 Veterans for areas they may need help with.
- Care Coordination and Case Management as needed.
- Polytrauma/TBI Case Management.
- Support while moving from active duty to civilian life.
- Resources for families and caregivers.
- Help with the VA system.
- Information about VA benefits and services.
- Education on VA Compensation and Pension.
- Referrals to community resources.

What to Expect

The M2VA Case Manager helps the Veteran by

- Doing a Post-9/11 screening
- Talking about their needs and setting goals
- Helping them to be involved in their health care plan
- Checking progress on goals and adjusting them as needed
